Dirty Love

Gin Wigmore

[Verse 1:]
You dirty love
You've taken all my money
Sold me to somebody
What's wrong with you
You dirty love
Put your gun back down
You're a bad boy now
But I want you
Dirty love

[Chorus:]
You got me good
I saw the blood in your eyes
Bang, bang, baby, leave me dead or alive
Now that wind is howling for the same old lies
I know what you're asking for
I'll give you what you want and more
Your dirty love

[Verse 2:]
You dirty love
You shot me twice that night
In the cold moonlight
When my back was turned
You dirty love
I'm buried on that hill
You said love would kill
Still I want you
Dirty love

[Chorus:]
You got me good
I saw the blood in your eyes
Bang, bang, baby, leave me dead or alive
Now that wind is howling for the same old lies
I know what you're asking for
I'll give you what you want and more
Your dirty love

[Backing Vocals:]
Oh, oh, oh

[Chorus:]
Oh, you got me good
I saw the blood in your eyes
Bang, bang, baby, leave me dead or alive
Now that wind is howling for the same old lies
I know what you're asking for
I'll give you what you want and more
I know what you're asking for
I know what you want me for
Your dirty love
