

# Singin' My Soul

Gin Wigmore

[Verse 1:]

You been singin' my soul in  
And I been singing for you too  
Drag mercy on me, babe  
Or try patience I plead

[Chorus:]

But when that sun comes  
And that wind slows  
I'll meet you there

[Verse 2:]

I lie lonely without you  
All my bitterness fed  
Still I'm thinking of you, babe  
Until I see you, this is all I have

[Chorus:]

So when that sun comes  
And that wind slows  
I'll meet you there  
Oh, when that wind slows  
I'll meet you there

[Chorus:]

Oh, and when that sun comes  
And that wind slows  
I'll meet you there  
And when that wind slows  
I'll meet you there  
And when that wind slows  
I'll meet you there  
And when that wind slows  
I'll meet you there  
When that wind slows  
I'll meet you there
