I'll sing you a sweet song if you say to
I'll write you the saddest of all words, rhymes and phrases
I will be your everything and I'll try give you anything back but I

Cannot give you my love
No I cannot give you my love

When I got fight in these roses
I still can't be scared
I got stones in my pockets
I still can be shared
I got you in my heart
To make this all harder
I will stay addicted to you
I will stay addicted to you

Take me down to the garden

Let me lay with you

Hold my hand

Don't let go

If you feel like kissing me

Do

Now there's butterflies in me baby

And I just don't know what to do

You could stand up straight

You could be the best of my dates

But I still would not see you for I

Cannot give you my love
No I cannot give you my love

When I got fight in these roses
I still can't be scared
I got stones in my pockets
I still can be shared
I got you in my heart
To make this all harder
I will stay addicted to you
I will stay addicted

I'm a stones throw from heartache
Hear me tumbling, crumbling down
Is it too late
To lose faith
In everything working out right
We can say forget
Or forgive
But I cannot do that to love

When I got fight in these roses
I still can't be scared
I got stones in my pockets
I still can be shared
I got you in my heart
To make this all harder
I will stay addicted to you
I will watty addicted to you
