

## It Doesn't Mean Goodbye

Gina G

He packed his bag and caught the train  
As he brake the pouring rain  
He left a note at home for you  
But everything that he's been through  
And when you feel no love inside (love inside)  
And there's nowhere you can hide

It doesn't mean goodbye  
(he'll come back one day)  
It doesn't mean goodbye  
(he'll come back one day)  
It doesn't mean the end  
(doesn't mean goodbye)

Well, he likes to play with fire  
Teasing you with your desire  
You got to play this guy just right  
He holds and understands, you're in his masterplan  
And if you feel love's let you down (let you down)  
When there's no one else around

It doesn't mean goodbye  
(he'll come back one day)  
It doesn't mean goodbye  
(he'll come back one day)  
It doesn't mean the end  
(doesn't mean goodbye)

It doesn't mean goodbye

And when you feel no love inside  
And there's nowhere you can hide
