

Crazy Life

Gino Vannelli

It's a crazy life a hazy life
A mixed up jumbled phasy life
A crazy life for people who want to smile
I just don't understand
Why so hard to say hello before goodbye

It's a coocoo life a lulu life
A moody magic voodoo life
A coocoo life for people who want to love
I just don't understand why so green
That it's been hang ups day to day
I gotta pack up get away

'Cause it's a crazy life
Yes it's a crazy life
Crazy life

It's a stupid life elusive life
A lonely stuck secluded life
A stupid life for people who want to fly too high
I just don't understand why so blue
What to do
I'm gonna kiss my sky goodbye
I'm gonna jump way down and die

'Cause it's a crazy life
Yes it's a crazy life
Crazy life
