

## Feel Like Flying

Gino Vannelli

I feel like flyin'  
I wanna run away with you  
And I feel like dyin'  
If I must go on livin' without you

Oh love is a mountain  
Every man must learn to climb  
And I'd reach my highest ground  
If you were mine

Oh you, you just need to say the word  
And I'll be there  
And the world is right  
When someone really cares

I feel like flyin'  
I wanna run away with you  
Don't you feel like tryin'  
I wanna spend my nights makin' love with you

Oh love is a ghost  
That every man must learn to see  
And I see your very soul  
When you're near to me  
Oh you, you just need to call my name  
And I'll be there  
And the time is always right  
When someone cares
