Feel Like Flying

Gino Vannelli

I feel like flyin'
I wanna run away with you
And I feel like dyin'
If I must go on livin' without you

Oh love is a mountain
Every man must learn to climb
And I'd reach my highest ground
If you were mine

Oh you, you just need to say the word
And I'll be there
And the world is right
When someone really cares

I feel like flyin'
I wanna run away with you
Don't you feel like tryin'
I wanna spend my nights makin' love with you

Oh love is a ghost
That every man must learn to see
And I see your very soul
When you're near to me
Oh you, you just need to call my name
And I'll be there
And the time is always right
When someone cares
