## It's Over

## **Gino Vannelli**

You go through the motions Of a woman in love Every kiss is a token Every sigh is a bluff

Words confuse me but I see it in your eyes You try not to show it But any fool would know it

It's over... It's over this love is ending It's over... It's over there's no use pretending

I see through your make up You're not quite yourself Don't you know that your games up I know there's somebody else

You tell me I'm crazy and that I'm still the only one Well maybe I'm dreaming But I know what I'm feeling

It's over... It's over this love is ending It's over... It's over there's no use pretending

You fake your way through the night time But even your best is less than before 'Cause you don't care anymore

You tell me I'm crazy and that I'm still the only one Well maybe I'm dreaming But I know what I'm feeling

It's over It's over It's over there's no use pretending It's over
