

# Knight Of The Road

Gino Vannelli

When mama pushed me thru daddy said my do  
Was quite the shock  
Claimed I cried like a dog bayin' at the moon  
Slung my hips about, learned to twist and shout  
Way before I could talk  
And by the time I saw nine I started to croon

And then I beat those skins day out day in  
I broke my poor mama's head  
Could've fared better in school but I was cool  
So I joined a band instead

I'm a knight of the road  
I'm a bird of passage  
Only passing through this land  
A boy born with a twinkle in his eye  
And a tote bag in one hand  
I'm a dreamer, a lover, I ain't no other  
Than a Gypsy rollin' along  
Yea I came into this world  
And I'll go out with a song

I'm a knight of the road

I'm a knight of the road

I'm one side king, other side fool  
I wear a straw hat for a crown  
The long and lonesome road is home sweet home  
So I hang my hat, wherever I'm at  
A few loyal subjects gather round  
And toss me a coin before it's time that I roam

I love to put on the dog, hog the spot  
Lord gaveth me no shame  
So if you don't much care for my general flair  
Ain't none but heaven to blame

I'm a knight of the road  
I'm a bird of passage  
Only passing through this land  
A boy born with a twinkle in his eye  
And a tote bag in one hand  
I'm a dreamer, a lover, I ain't no other  
Than a Gypsy rollin' along  
Yea I came into this world  
And I'll go out with a song

I'm a knight of the road

I took my castles in Spain, my fifteen minutes o' fame  
And I buried it six feet deep  
Along with a few choice pieces of attire  
At times I take eight by tens from way back when  
And pile them into a great big heap  
I watch them burn while I dance around the fire

Cause it's a joyful thing to beat my wings  
And let the caged up bird go free  
Before I turn to dust to put my trust  
In something bigger than me

I'm a knight of the road  
I'm a bird of passage  
Only passing through this land  
A boy born with a twinkle in his eye  
And a tote bag in one hand  
I'm a dreamer, a lover, I ain't no other  
Than a Gypsy rollin' along  
Yea I came into this world  
And I'll go out with a song

I'm a knight of the road

I'm a knight of the road  
I'm a knight of the road
