

Lady

Gino Vannelli

Here I write you dear
Seems our love had to run
And how I wish you here
'Cause lady you are
Oh maybe you are the one

I know, here I'm alone
Guess we kids had our fun
And I hear you've grown
To the lady you are
Oh maybe you are the one

I realize that I'm just a boy who believes in what he feels
And my dreams have all been changed by what is real
Will you write me dear
Only now as best friends
I'll always wish, I'll always with you here
Oh then lady for me
Say you'll begin again my love
