## Love Of My Life

**Gino Vannelli** 

Love of my life Take my heart take my soul Take what you need Love of my life Don't you know I'm just a fool for a good woman's greed

You broke the wings of a weary vagabond And I'm stranded on the island of your love You are the fruit of my amazon Love of my life I'm no good on my own

Love of my nights Take my pride take my flesh Take all my blues Love of my life Don't you know my life's a bore When there's nothing to lose

I am the prisoner of your paradise Sunken in the bayou of your love I make this sensual sacrifice Love of my life For the good of my own Love of my life I'm no good on my own

Love of my life Take my heart take my soul Take what you feel Love of my life Don't you know I'm just a man For a woman who's real

Love of my life...
