

## Kidnapped

Ginuwine

You got that look in your eyes  
I know that only means one thing  
You must be reading my mind  
Cause I been thinking 'bout the same thing  
Before we start tonight can we do something different,  
Can we use our imaginations?  
I'll be another guy, you can be another woman,  
Wait there's an idea I'm a criminal, and girl you gone get

Kidnapped

I'ma dress up like a robber and wear all black  
Nobody's gonna find out where I hid you at  
You'll get abducted and be my hostage  
Let's play a game tonight.

I just wanna take it there,  
Blindfolds no lights on in here  
You and me in here  
And I'm touching you in ways  
That I'm wanting to wanting to, I'm warning you.  
Before we start tonight can we do something different  
Can we use our imaginations?  
I'll be another guy, you can be another woman,  
Wait there's an idea I'm a criminal, and girl you gone get

Kidnapped

I'ma dress up like a robber and wear all black  
Nobody's gonna find out where I hid you at  
You'll get abducted and be my hostage  
Let's play a game tonight.

Never gonna let you go  
I don't care how much they pay me,  
Grab the camera and set the scene,  
Come on girl let's make a movie,  
And girl you gone get

Kidnapped

I'ma dress up like a robber and wear all black  
Nobody's gonna find out where I hid you at  
You'll get abducted and be my hostage  
Let's play a game tonight.

[repeat]
