

One Time for Love

Ginuwine

You know what baby
A lot of things have been going on
You know what I mean?
And I just want us to be together.
You understand me right?
Stay one time for love. Stay baby
All my life
Been dreaming, thinking, wishing, and hoping
For somebody like you, you know what I mean?
Listen

I can see beneath the jaded cover
That you're one girl who's stalled from loving
So to you I offer all my heart
Life is confusing, girl it's true
And I'm not perfect but I do
See us as more than a dream
I'm guessing you feel like me, so

Baby could you stay one time
(One time for love)
You think about me
Don't want to be without me
(And I am all you'll ever need and more)
And since I'm in your bed right now, then
Baby can I stay one time
(One time for love)
So I can feel you and be near you
And if you want my touch, then
Baby can you stay one time for love

Baby, I'm not a foolish man
I can't feel something and hold it in
So don't you be a foolish girl
And deny yourself a chance
We both know you're worth
If there is a way we'll find
The path that makes our love feel right
But for now, let me meet your needs
And if you feel like me, then

Now do you hear me,
When I say that you're the only one that I need?
See, I done had my share of lovers
But none don't come above you
Now let my body show you what I mean
I hope you hear me, when I say that you're the Only one that I need
And since we're here tonight,
We should make it right
And do it one time for love

Baby could you stay one time
(One time for love)
You think about me
Don't want to be without me
(And I am all you'll ever need and more)
And since I'm in your bed right now, then

Baby can I stay one time
(One time for love)
So I can feel you and be near you
And if you want my touch, then
Baby can you stay one time for love
