

Wait a Minute

Ginuwine

Wait a minute dont you hear me baby
It's gonna be alright we don't have to fight
Yea Yea Yea Yea, Yea Yea Yea Yeeeeaaa Yea
Wait a minute dont you hear me baby
It's gonna be alright we don't have to fight
Yea Yea Yea Yea, Yea Yea Yea Yeeeeaaa Yea

My pager rings, I pick it up and you tellin me that your girl p
eeped me
In my Range Rover, Rollin down the ave pumpin out my new hits
I think to myself it's cool, so i keep reading and it's you say
in that she
saw me cheatin
Now i'm all confused baby, then i get a grip it's just a little
thing that
i'm dealin with
Why she hatin on me, i don't really know what this is all about
but i'm
finding out
Then my mind wanders , start thinking back at the party when sh
e was all up
in
My face and up on me,
and grabbing on my arm and telling me things like how she was t
he bomb
Now for me it's clearer, that instead of you you don't see the
truth but she
wants me near her

Now don't believe a thing your girl say, she wants to have what
you have all
it is is jealousy baby put your trust in me
She really wants to ride my pony, but you're the one im giving
it, you're
the one i'm living with, giving all my stuff and shit
So why you wanna doubt our love, don't let her break our world,
before you
question me you need to check your girl
She done dished out more then she can take and her ass can't ha
ndle it
But you're my woman and we're one and I'm not having it
But it's alright, yes it's ok
I'm sure you believe in me and i'm sure you can see the truth i
n me baby

Fellas, wave your hands, if you know what i'm talkin bout
Girls, come to G, if you all are feelin me
Fellas, pump your fist, if you know what i'm talkin bout

Girls, come to G, if you want to get with me

[course]
