Why not me
Is that I'm too ghetto for you
Why not me
Girl there's nothing I won't cop for you
Why not me
I'm here to give you all you dreams
I'm dedicated
No time wasting
I'll fulfill your every need

It ain't a thang I'm far from lame Girl it's all to the good Your by yourself I'm all alone and we're both from the hood You're playing hard to get now That's probably why you're by yourself now But I caught your eye when you walked by And you persist to try to entertain All of them thing that you probably just heard None of it's true and that' my word Baby don't believe a thing you hear The haters are always on my back now But you feel me and this I know So won't you just let go Tell me why

Why not me
Is that I'm too ghetto for you
Why not me
Girl there's nothing I won't cop for you
Why not me
I'm here to give you all you dreams
I'm dedicated
No time wasting
I'll fulfill your every need

I'd like o think that I am a good guy so tell me why
Not me
Can't blame you though if all you're exBoyfriends did you shady
But don't take that out on me girl
Oops I got to take it back it's your world
Baby I'm just that guy I'll show you why
If you just give me one try
I'm telling you I don't get down like that

Can't play the role
Or play myself
I just got to get in that's for sure
Got a little money
I spit game to the honeys
But your all a nigga needs
I won't give you chicken feed

Why not me
Is that I'm too ghetto for you

Why not me
Girl there's nothing I won't cop for you
Why not me
I'm here to give you all you dreams
I'm dedicated
No time wasting
I'll fulfill your every need

You should tell me something, something Can't imagine me just wanting
Put your cards out on the table
Baby I'm willing and able
Picture that me dippin on you
What the use if I'm up on ya
I'm the one you searched so long for
Give me one chance you'll want no more

Why not me
Is that I'm too ghetto for you
Why not me
Girl there's nothing I won't cop for you
Why not me
I'm here to give you all you dreams
I'm dedicated
No time wasting
I'll fulfill your every need
