

So

Girl in a Coma

So

So I'm chasing rabbits and I'm wondering... why?
Heading down a corner and I'm wondering... why?
I'm changing my old ways so they don't ever know
Chasing secret rabbits all around these holes

But my love is older than the face you know

So I'm chasing life and I see it grow
And so you're following
Heading up a ladder to the unknown
And so you're following
I'm changing my old ways so they don't ever know
Chasing secret rabbits all around these holes

But my love is older than the face you know

Baby love sold you back when you were unborn
