

Game Over

Girlicious

You walkin' over like a soldier, you should know better
You think you'll impress me, undress me, baby you won't get it
I see you runnin', see you frontin' like you're dangerous
I hear you taking, t-taking t-t-t-t-too much

Boy, whoa, you're just a boy

And I n-n-need a man

Step it up, step it up, you can't be serious
I'm not her, game over (game over)
Step it up, step it up, you can't be serious
I'm not her, game over (game over)

A-get-get-get, a-get-get-get, a-get-get-get-get-get gone
A-get-get-get, a-get-get-get, a-get-get-get-get-get gone

I hear you holler, pop your collar, Mr. Go-Getter
Already worked the room, you think that I don't know better?
I know you want it but your gonna have to bounce alone
The only sex you get tonight's on the ph-ph-ph-phone

Boy, you're just a, you're just a boy

And I n-n-need a man

Step it up, step it up, you can't be serious
I'm not her, game over (game over)

I'm not her, game over (game over)

A-get-get-get, a-get-get-get, a-get-get-get-get-get gone

You're stickin' to me, tryna' buy me a drink
I see you working like a fool, sugar, yeah that's what I think
Say what, say what?
I wanna say, so don't you come to me like that
Like I'm a dog under your thumb, hell no, I ain't your pussycat
Ain't your pussycat, ain't your pussycat, ain't your pussycat

Step it up, step it up, you can't be serious
I'm not her, game over (game over)
