

## I.O.U.1

### Girlicious

You take a girl on a few nice trips  
Let a girl sit in a few nice whips  
I guess you feel like I owe you one  
I guess you want me to show you something  
So you got momma a brand new bag  
Hoping momma gonna feel that swag  
I guess you feel like I owe you one  
I guess you want me to show you something

You say you like to go shopping (Eh)  
You wanna take me out  
(You wanna take me out?)  
You buy me a little something something  
Saying that it's nothin  
But I know what it's about  
But you don't wanna play dress up (Eh)  
You wanna take me down  
Guess you figured a trinket or two  
Would get you a ticket into what's under my blouse

You take a girl on a few nice trips  
Let a girl sit in a few nice whips  
I guess you feel like I owe you one  
I guess you want me to show you something  
So you got momma a brand new bag  
Hoping momma gonna feel that swag  
I guess you feel like I owe you one

And I find it very funny  
Cuz you look just like a dummy  
Plus I got my own money

How foolish you look  
I'm so unimpressed  
All of your tactics  
Your trying to play this game  
But I think you need practice
