Girlicious

I was wondering if I could  
Take u off somewhere  
Me and u alone  
Doing things we probably not supposed to  
I wanna get close to you  
And I'll grab the both of your hand  
Put them round my waist  
We'll start slow dancing  
While the disc jockey playing our song  
I'll give it to all night long

I'll let down my hair  
Take off all my clothes  
Up an down the stairs  
Till we end up on the floor  
It's just me u and the radio  
Me u and the radio  
If u touch me there  
I might lose control  
I hope u ain't scared  
To let your body go  
It's just me u and the radio  
Me u and the radio

Just give me an instrumental  
A sexy beat that makes me move  
And I'm gone be on u  
I hope your ready  
'Cause this feeling is strong  
And u know that it turns me on

I'll let down my hair  
Take off all my clothes  
Up an down the stairs  
Till we end up on the floor  
It's just me u and the radio  
Me u and the radio  
If u touch me there  
I might lose control  
I hope u ain't scared  
To let your body go  
It's just me u and the radio  
Me u and the radio

Now turn your phone off  
'Cause we in a zone now  
I'm gone take my clothes off  
We gone break it on down  
Me u and the r a d i o  
I know  
That u ready for me  
I'm gone jump on it  
You just gotta keep it steady  
And when my jam hit  
I'm gone have a dam fit  
I'm gone do the dam thing  
I hope u can handle it

Got a couple candles lit  
Couple bottles of that tron  
Promise i wont do u wrong  
When that d.j. play me song  
It's gone be on  
Gone

I'll let down my hair  
Take off all my clothes  
Up an down the stairs  
Till we end up on the floor  
It's just me u and the radio  
Me u and the radio  
If u touch me there  
I might lose control  
I hope u ain't scared  
To let your body go  
It's just me u and the radio  
Me u and the radio
