

# Love Is the Key

Girls Aloud

Always hear you singing  
I can't stand that song  
You like my hair brunette  
But I like it blonde  
You lie in the sunshine  
But it makes me sweat  
You save all your money  
While, I get into debt

Not the kinda to catch my eye  
Now we're picking out the tiles and curtains  
Never thought you'd be the lucky guy  
Now it's the only thing I know for certain  
Used to go for guys who made me cry  
Never seemed to find the rhyme or reason  
If you love somebody don't ask why  
Cute but mystifies

Oh when they say love's the key  
At the end of the road  
It don't matter to me  
Work at the man hang it on hold  
The answer is love  
And no reasons why  
It knows where you've been  
Oh cause you and me just seem to fit right

A mocha-choco-late  
You're more an Espresso shot  
Life and soul of the party  
It's safe to say you're not  
I lean towards fiction  
But you deal with fact  
Don't mind the friction  
Cause opposites attract

Not the kinda to catch my eye  
Now we're picking out the tiles and curtains  
Never thought you'd be the lucky guy  
Now it's the only thing I know for certain  
Used to go for guys who made me cry  
Never seemed to find the rhyme or reason  
If you love somebody don't ask why  
Cute but mystifies

Oh when they say love's the key  
At the end of the road  
It don't matter to me  
Work at the man hang it on hold  
The answer is love  
And no reasons why  
It knows where you've been  
Oh cause you and me just seem to fit right

Oh when they say love's the key
