

Money

Girls Aloud

Ooh money money, your money honey
So naughty naughty
Give me that d-dinero
Want your money honey, not your body buddy
Want your money money
(Pesos pounds y lira)

I'm burning, baby
I'm electric
Somebody made me
Stay connected
No doubt about it
You're gonna get it
Oh, ain't it crazy
We got the best bit
We're burning, baby
It's so electric

Crack back, up against the table
There, oh, careful with the label
Ooh, that's a little tight now
Watch out, someone turned the light out
You say something about the paper
And now 20 seconds later
just broke another mirror
And all before we go out to dinner
Ooh... let's go!

Gettin deep deep deep and then I'm gonna
Gettin deep deep deep and then I'm gonna
Gonna beep beep beep ya then I'm gonna
Jump on that man
Gettin deep deep deep and then I'm gonna
Gettin deep deep deep and then I'm gonna
Gettin beep you beep beep and then I'm gonna
Jump on that man

Ooh, love ya babe
But I'll wait, turn the page
Ooh, down below
How was I supposed to know?

Ooh money money, your money money
So naughty naughty
Give me that d-dinero
Want your money honey, not your body buddy
Want your money money
Pesos pounds y lira!
Ooh money money, money honey

Give me that d-dinero
money honey, body buddy

Give me those fifty zero's

Crack back, up against the table
There, oh, careful with the label

Watch out, someone turned the light out
You say something about the paper
And now 20 seconds later
just broke another mirror
And all before we go out to dinner
Ooh... let's go!

Gettin deep deep deep and then I'm gonna

Took the light from off my heart
Shook the street from off my shoe
Set emotions in his way
Said 'Hey baby, be back soon'
While the music held ya tight
You didn't even see me cry

Dinero!
