

**9.00 Am**

**Girls in Hawaii**

It will be a long day before tonight.  
The neon lights seem stormy at the end.  
My face's so white, don't feeling bad  
And I can't understand, why.

I'm seeing it as a depressive minor  
Or couldn't breathe the air and I d  
I try to tell me with my tear for hours:  
The friend I need is there for me,  
It's lighter in the dark  
Oh, my friend is not the same  
But I will rescue her from me,  
Yeah.
