

Found In The Ground

Girls in Hawaii

Found but in the ground
Big top and through head
To that cloud it turned, turned, turned around
Very high
Through birds and variats
Tell me how
To stay in that
Right and dry
I fear to lose her
Out of sight

[Chorus:]
Say hello (we're today)
I'm never sure if I have to worry
All that time (we're today)
I feel so calm and I think about an eating ground (we're today)
I'll swallow her and taste it slowly through my noun
And you'll die

Down it's falling down
In the waves
Fish and shell
So run smells
What was that
Out of breathe
Look for life,
To a porting game

[Chorus:]
