

## As Time Goes By

Girls Under Glass

In the dark we are walking in the past as time goes by  
In the dust we are talking in our lust time is with us  
In the dark I see your eyes in the past as time goes by  
In the dust I see your smile , In our lust time is with us

I hear you calling from far away  
From the horizon come back to me  
I am screaming in your direction  
And I know You'll be away  
Forever and ever... you'll be away  
Come back to me
