

## Down In The Park

Girls Under Glass

Down In The Park where the machman meets  
the machine and play "killed by numbers",  
Down in the park where the friends called 5

I was in a car crash or was it the war,  
but I've never be quite the same,  
little white eyes like I was there  
Come to the zoom zooms,  
a place to eat like it was built in one day,  
you can watch the humans trying to run

Oh look there's a rape machine  
I'd go outside if he look the other way,  
you wouldn't believe the things they do  
Down In the park where the chant is "death,  
death, death" until the sun cries morning,

down in the park where the friends of mine  
We are not lovers we are  
not romantics we are here to serve you,  
a different face but the words never change
