

Alex

Girls

Alex has blue eyes,
Well who cares? no I don't
If somebody somewhere cries,
Well who cares? No you don't.

And Alex has a band,
So who cares about war?
If somebody somewhere dies,
Well who cares? No you don't.

Alex has black hair,
And who cares? well I do.
You've got a lovely smile,
I could spend a while with that smile.

And Alex has a boyfriend,
Oh well, I'm in hell.
I'll sing you a song,
Would you listen to a lover's song?

Would you hold my hand?
I'm as cold as the snow
If you said let's go,
I would follow.

Could we fall in love?
Well who cares about love.
Could we run away?

Anywhere, anyway, only you
Anywhere, anyway, only you
Anywhere, anyway, only you
Anywhere, anyway, only you
Anywhere, anyway, only you
