Get the reaction
Get it right now
Find a direction
Get it right now
Make a connection
Get it right now
No satisfaction
Get it right now
With the speed of a sound

I'm gonna pick you up baby
Throw you over my shoulder
Take you away, I'm gonna carry you home to Carolina
Away to southern Carolina
And then I'll never let you go

So many people want to leave
I don't know why they don't just go
Let's get out of here
I want to carry you home to Carolina
Away to Southern Carolina
And then I'll never let you go

Do run run run run
