

## God Damned

Girls

Obsession is my favorite drug  
I know I just can't get enough  
'Cause I want you  
And I'll be goddamned if I give up at the start

I'll make you hot and making a scene  
Just give all your attention to me  
'Cause I want you  
And I'll be goddamned if I give up at the start

Give me the chance and I'll blow your top  
Just let me in and I'll never stop  
'Cause I want you  
And I'll be goddamned if I give up at the start

So go ahead and play hard to get  
'Cause I just get a kick out of it  
And I want you  
And I'll be goddamned if I give up at the start
