

## Just a Song

Girls

It just feels like it's gone  
All of it's gone, gone away  
It seems like nobody's happy now  
It feels like nobody's happy now  
It really feels like it's gone  
Like all of it's gone, gone away  
It seems like nobody's happy now  
And nobody's happy now  
It just feels like it's gone  
All of it's gone, gone away

And nobody's happy now  
It seems like nobody's happy now  
It just feels like it's gone  
Like all of it's gone, gone away  
It feels like nobody's happy now  
Nobody's happy now

Keep me up, keep me down  
Keep my feet on the ground  
Keep me up, keep me down  
Keep my feet on the ground

Love, love, love, love  
It's just a song  
Love, love, love, love  
It's just a song  
Love, love, love, love  
It's just a song  
Love, love, love, love  
It's just a song  
Love, love, love, love  
It's just a song  
Love, love, love, love  
It's just a song  
Love, love, love, love  
It's just a song  
Love, love, love, love  
Come along
