Girlschool

I don't care if it takes all night
I'm gonna make you realize
There's nothing in a tender touch
Or behind the love stained eyes

So you wanna
You wanna stay tonight
You know I'm gonna
I'm gonna make you all right

Breakdown, I'll breakdown
Breakdown, I'll breakdown
Breakdown, you gonna breakdown

I'm gonna make you understand
That I've seen it all before
I twist your mind and break your heart
And you still come back for more

So you wanna
Wanna stay tonight
You know I'm gonna
I'm gonna make you all right

Breakdown, I'll breakdown
You gonna breakdown
I'll breakdown, breakdown
You gonna breakdown

So you wanna
Gonna, gonna
Play your motion

So you wanna
You wanna stay tonight
You know I'm gonna
Gonna, gonna make you all right

Breakdown, I'll breakdown
You gonna breakdown
You gonna breakdown
You gonna breakdown
You gonna breakdown

Oh...
Breakdown
