Breaking All the Rules

Girlschool

Breaking all the rules
Breaking all the rules
Breaking all the rules

Well, don't you know what we all like
Sleep all day, out all night
Never gonna see eye to eye
Lead 'em on, kiss 'em good-bye

Breaking all the rules
Breaking all the rules
Breaking all the rules

Every day goes bad to worse
People say we're the devil's curse
Living our lives the way we like
Don't worry 'bout us, we do alright

Breaking all the rules
Breaking all the rules
Breaking all the rules

Who's to say what's wrong or right
To say we never care
Who's to say what's black or white
Yeah yeah yeah

Breaking all the rules
Breaking all the rules
Breaking all the rules
