

C'mon Let's Go

Girlschool

Let's Go!

Speeding down the motorway
Let slow life pass us by
Another mile another day
Get some action in our lives

We're on our way
Living for today

C'mon let's go (Let go!) 3x
Let go!

Engines screaming red hot rage
We're gonna reach an all time high
Speed crazed racer rip my mind
'Cause you know you're gonna hit the sky

We make our move
And you know we'll never lose

C'mon let's go (Let go!) 3x
Let go!

We're on our way
Living for today

We make our move
And you know we'll never lose

C'mon let's go (Let go!) 4x

C'mon let's go (Let go hey!) 3x

Let's go!
