

# Don't Talk to Me

Girlschool

Just when I thought  
It was safe to go outside  
You came along  
I said take me for a ride  
You said something  
We nearly came to blows  
I said somebody better  
Get me one of those

Don't talk to me  
Don't talk to me  
Don't talk to me  
Don't talk to me

You got to know  
There's only you and me  
It's such a shame  
We don't know who we want to be  
What can I say  
When you tell me I'm your man  
Those were the days honey  
Catch me if you can

Don't talk to me  
Don't talk to me  
Don't talk to me  
Don't talk to me

Don't talk to me  
Don't talk to me  
Don't talk to me  
Don't talk to me  
Don't talk to me  
Don't talk to me  
Don't talk to me  
Don't talk to me  
Don't talk to me  
Don't talk to me  
Don't talk to me  
Don't talk to me  
Don't talk to me  
Don't talk to me  
Oh yeah, oh yeah
