Hit and Run

Girlschool

I was out in the cold Alone in the night How could I carry on? Felt so empty inside

All you gave me were promises Nothing better than lies Hit and $\operatorname{run}\ x4$

Told me how it could be Showed me how to believe But I just didn't realise It was all in my dreams

All you gave me were promises Nothing better than lies Hit and run x4

But I know better now
I've found another way
One thing I know for sure
I'm gonna live for today

Say goodbye to the bad times Now I'm free on my own

Say goodbye to the bad times Now I'm free on my own Hit and run $\times 12$
