

My Ambition

Girlschool

Light up my heart - set me on fire
You are the one - my one desire
I used to think - I had the key
Love was fine - but not for me
The minute I set eyes on you
I knew I had to make you mine
You're gonna see my way of things
In just a little time

'Cos I've got everything - all you want and more
I've got everything

You're my ambition - come with me
'Cos you're my ambition - come with me

I'd like to be your angel cake
But I could never be that sweet
So let me set your soul aflame
Satisfaction guaranteed

Cos I've got everything - all you want and more
I've got everything

You're my ambition - come with me
'Cos you're my ambition - come with me
