Non stop chaos and dirty tricks
It's front page news the way you get your fix
Never say no always say yes
'Cos nothing exceeds like excess

You can have it all
Catch me when I fall

You said before
Never gonna stop 'till you get some more

Good times high times taking a ride
All dressed up with nowhere to hide
It's now or never can't wait forever
Breaking on through to the other side

You can have it all
Catch me when I fall

Feed me another shot of poison
Feed me another dirty line
Communication breakdown
It seemed like a good idea at the time
