## **Screaming Blue Murder**

Girlschool

Action screams like screaming blue murder Action screams when there's something to say Action screams when there's no words to tell it Action screams when you're fading away When you're fading away

Come on let me show you just what we're gonna do We're all screaming blue murder, screaming blue murder

All those times you thought it would happen All those lies spinning round in your head All those times you thought it would kill you All their lies will tear them to shreds We'll tear them to shreds

If you were me you'd be Screaming blue murder, screaming blue murder

Action screams but nobody listened Action screams, when I wanted it all Action screams, now I'm screaming blue murder Action screams, and they don't count at all And they don't count at all

Come on let me show you just what we're gonna do We're all screaming blue murder, screaming blue murder We're all screaming blue murder, screaming blue murder
