

Take Me I'm Yours

Girlschool

Always looking for something new
Take my chances
I've got nothing to lose
So take my hand
I'm the one to blame
'Cos I've just found a new way to misbehave

Take me
I'm yours
Take me
I'm yours
Take me I'm yours

So come on over and break the ice
Just let yourself go
I'll be twice as nice
Life's a game
And it takes two
I'll get over every inch of you

Take me
I'm yours
Take me
I'm yours
Take me I'm yours

Don't you know that's what friends are for
Scratch my back and I'll scratch yours
Don't waste time playing hide and seek
'Cos you're a bad influence on me

Take me
I'm yours
Take me
I'm yours
Take me I'm yours
