

# Up All Night

Girlschool

Living our lives  
doing what we like  
We live it up  
Wouldn't change a thing  
always causing a scene  
We're so tough

Shout out scream for more  
We got what it takes  
we know what its for

Up all night  
Shout it in the streets  
Till the morning light  
Up all night

Speeding down the streets  
to a new Sensation  
so hot Burning in the heat  
we're an outrage To the nation

Hey you don't waste time  
Lets get together and take a ride

Up all night  
Crawling from the wreckage  
In the morning light  
Up all night

I want all that I ask for  
I want more than I need  
I'll take all till I have more  
I'm gonna make 'em bleed.
