

# We All Love to (Rock 'n' Roll)

Girlschool

It's another quiet night but it won't be for long  
But we're feeling alright so it can't be wrong  
There's a band playing down the road they sound OK  
And every day feels like a Saturday

We love to

Chorus:

We all love to Rock 'n' Roll  
We all love to Rock

Waking up the neighbours waking up the dogs  
Walking down the streets singing Motorhead songs  
We're feeling pretty good, feeling pretty fine  
You can live your life and I'll live mine

We love to

Chorus:

We all love to Rock 'n' Roll  
We all love to Rock
