Girlschool

It's a Whole New World  
When you hear, when you speak no evil  
See, when you hear, when you speak no lies  
See, when you hear, through the deafening silence  
See, when you hear, when you speak your mind  
See, hear, speak, lies See, hear, lies

It's a Whole New World  
And the emperor has no clothes on  
Bare to the skin and the child cries out  
Shout when they come, when they come for them  
When they come for you who's left to shout  
Shout, shout, shout, shout, shout, shout, shout

It's a Whole New World  
It's a Whole New World

It's a Whole New World  
What you say, neither rhyme nor reason  
Do what they will and they turn it to law  
Say what you will, it's an act of treason  
Do what they will is the whole of the law  
See, hear, speak, truth See, hear, truth

It's a Whole New World  
Rage, against the lying  
Of the sacred, ancient rights  
Rage, rage, against the dying  
Held as sacred, ancient rights  
Rage, rage, rage, rage, rage, rage, rage

It's a Whole New World  
It's a Whole New World

It's a Whole New World  
It's a Whole New World  
It's a Whole New World  
It's a Whole New World

It's a Whole New World  
It's a Whole New
