

Enemy in me

Gladiator

You know me I'm the spoiler
Help me stop my lies
I know you you're better
Forget weekend's cry

I want you more do you feel it
I want you more I cry
I change the score perceive it
More than before I cry cry cry cry

You know me I'm the spoiler
Help me stop my lies
I know you you're better
You know me I'm wicked

I want you more do you feel it
I want you more I cry
I change the score perceive it
I hope it's not the enemy in me
