

## Enemy in me

Gladiator

You know me I'm the spoiler  
Help me stop my lies  
I know you you're better  
Forget weekend's cry

I want you more do you feel it  
I want you more I cry  
I change the score perceive it  
More than before I cry cry cry cry

You know me I'm the spoiler  
Help me stop my lies  
I know you you're better  
You know me I'm wicked

I want you more do you feel it  
I want you more I cry  
I change the score perceive it  
I hope it's not the enemy in me
