

Free house

Gladiator

Come on come on
through these doors
feel up the power of thrilling - YEAH
feel up like it's coming through you!
from the top of your a brain
to the tip of your toes
very very slowly - YEAH
feel this in this house of freedom
Free house
I'm in free house

There is no face of disgrace
no whacked off young lives
no outraged girls
no murders are here
there is just everyone - YEAH
that you really want
in these rooms everywhere
grass smells
we all make love
without barriers

...here are just the sounds
the sounds that make U free
stay in these waves of freedom with me...
