

## Free house

Gladiator

Come on come on  
through these doors  
feel up the power of thrilling - YEAH  
feel up like it's coming through you!  
from the top of your a brain  
to the tip of your toes  
very very slowly - YEAH  
feel this in this house of freedom  
Free house  
I'm in free house

There is no face of disgrace  
no whacked off young lives  
no outraged girls  
no murders are here  
there is just everyone - YEAH  
that you really want  
in these rooms everywhere  
grass smells  
we all make love  
without barriers

...here are just the sounds  
the sounds that make U free  
stay in these waves of freedom with me...
