Free house

Gladiator

Come on come on
through these doors
feel up the power of thrilling - YEAH
feel up like it's coming through you!
from the top of your a brain
to the tip of your toes
very very slowly - YEAH
feel this in this house of freedom
Free house
I'm in free house

There is no face of disgrace no whacked off young lives no outraged girls no murders are here there is just everyone - YEAH that you really want in these rooms everywhere grass smells we all make love without barriers

...here are just the sounds the sounds that make U free stay in these waves of freedom with me...
