

## Heaven

## Gladiator

You want to break my heart by love  
but I stay here still in the cool  
Want stab my heart by dagger  
I don't care I just don't move  
Someone says I am tender  
Somebody that I'm cruel  
You know why I can't be squeezed  
No one sees my deeper truth

Bing bang storm - I cannot be loved  
I know my heaven  
Bing bang storm - I cannot be stopped  
I know my heaven  
Bing bang storm - Only I know my real heaven  
Bing bang storm

Lure me be naked body  
I won't bow you're not my bliss  
Tell me word the vulgarest  
I won't spit you're not my hate  
Can relish the choice of my sex  
it could be so really great  
It won't have a sense for me  
I know my heaven

Oooohh ...  
that nobody knows  
that nobody knows, nobody knows
