

You And I Ain't Nothin' No More

Gladys Knight

I have the love to wash away your pain
Yet you live life on your own
You shut me out
Now don't you feel ashamed
Cuz you and I ain't nothin no more

You gave me life but I don't share your sorrow
You live your life all alone
I choose to love I wish you felt the same
Why are you scared to let go
I want your love but I just wait in vain
Cuz you and I ain't nothin no more

You gave me life but I don't share your sorrow
You live your life alone
But I have the love to wash away your pain
Cuz you and I ain't nothin no more, no more

You shut me out
Now don't you feel ashamed
Cuz you and I ain't nothin no more
