

A Freak Like Me

Glamour of the Kill

Don't want your love, I don't need you affection
Gonna keep up with the way that I'm living
I am self destructive, watch your step 'cuz I'm highly explosive
I am self destructive, why do you find me so seductive?

You want it all, but you never gonna get it
You tried hard, but you can't quite got it
Oh yeah, it's clear to say
Maybe you're a sucker for a freak like me

You see my blood like a fucking infection
I'll break your heart just to feed my addiction
I am self destructive, I've lost my mind, so (?) corrupted
I am self destructive, sick, a time bomb, and I'm ready to blow

You want it all, but you never gonna get it
You tried hard, but you can't quite got it
Oh yeah, it's clear to say
Maybe you're a sucker for a freak like me

You want it all, but you never gonna get it
You tried hard, but you can't quite got it
Oh yeah, it's clear to say
Maybe you're a sucker for a freak like me

I never know what's good for me
My own worst enemy
My mind is broken from the inside
Never know what's good for me
My own worst enemy
My mind is broken from the inside

one more time

I am self destructive, watch your step 'cuz I'm highly explosive
I am self destructive, why do you find me so seductive?

You want it all, but you never gonna get it
You tried hard, but you can't quite got it
Oh yeah, it's clear to say
Maybe you're a sucker for a freak like me

You want it all, but you never gonna get it
You tried so hard, but you can't quite got it
Oh yeah, it's clear to say
Maybe you're a sucker for a freak like me
