

Blood Drunk

Glamour of the Kill

I'm insane, I'm insane
With a thirst for blood
I want more, more, more
I can't stop
'Cause it's never enough

I'm insane
With a thirst for blood
I want more, more, more
I can't stop
'Cause it's never enough

Can you feel my hands around your throat?
Can you feel my grip get tighter?
I watch the life drain from your eyes
It takes my heart rate higher
(Heart rate higher)

I tried so hard to be like everybody else
It's so hard to be myself

I Can't hide
This life
'Cause it's already wasting
I've got my enemies in sight
(Can't hide)
I've got my demons in my mind
(This life)
'Cause it's already wasting

Die, die
I've got my enemies in sight
Die, die
I've got my demons in my

Feel my blade cut into your flesh
I feel it getting deeper
It slowly drives into your chest
Can you take the pressure?
(Take the pressure)
I tried so hard to be like everybody else
It's so hard to be myself

I can't stop 'cause it's never enough

I Can't hide
This life
'Cause it's already wasting
I've got my enemies in sight
(Can't hide)
I've got my demons in my mind
(This life)
'Cause it's already wasting

Die, die
I've got my enemies in sight
Die, die

I've got my demons in my mind

I Can't hide

This life

'Cause it's already wasting

I've got my enemies in sight

(Can't hide)

I've got my demons in my mind

(This life)

'Cause it's already wasting

Die, die

I've got my enemies in sight

Die, die

I've got my demons in my
